**Cardiovascular Radiologist -- Vancouver, BC**

The Department of Diagnostic Imaging of St Paul’s Hospital and Providence Health Care in Vancouver, British Columbia, is seeking a full-time radiologist with fellowship training in Cardiovascular Radiology and an international reputation in structural heart diseases to help support our academic imaging practice. Importantly this position will be primarily focused on academic endeavours (60%) including supervising and managing our growing cardiac CT core laboratory. The successful candidate would be required to also have additional training/interest in participating in multicenter research. The successful candidate must display strong clinical, interpersonal and academic skills and have a strong proven track record of academic productivity ideally focused on cardiac CT and CT to support structural heart disease interventions.

The successful candidate will be considered for an honorary faculty appointment at the rank of Assistant or Associate Professor with the University of British Columbia, Department of Radiology, Faculty of Medicine upon Departmental Committee review of his/her CV and teaching dossier.

The successful candidate will also hold both a MD degree and FRCPC or equivalent, be a certified specialist in Radiology, and be eligible for medical licensure in the province of British Columbia.

Duties comprise both clinical involvements on the cardiac imaging service as well as co-directing the St. Paul’s Cardiac CT Core Laboratory. Salary will be commensurate with experience.

St. Paul’s Hospital is an acute care, teaching and research hospital located in downtown Vancouver. It is home to many world-class medical and surgical programs, including heart and lung services, HIV/AIDS, mental health, emergency, critical care, kidney care, elder care and numerous surgical specialties.

Providence Health Care is the largest Catholic healthcare organization in Canada, operating six facilities in Vancouver, BC. Three hospitals - St. Paul’s, Mount St. Joseph and Holy Family - deliver acute care, residential and rehabilitation services. Three residential facilities - St. Vincent’s Langara, Brock Fahrni Pavilion and Youville Residence - focus exclusively on intermediate and long-term care for the elderly.
The application closing deadline is September 30, 2016. Interested parties should apply with a letter of intent and CV to:

Drs. Jonathon Leipsic, Head, Department of Radiology, Providence Health Care and Bruce Forster, Regional Department Head, Vancouver Coastal Health and Professor and Head, Department of Radiology, UBC
Providence Health Care
1081 Burrard Street, Vancouver, BC V6Z 1Y6

E-mail: phcradadmin@providencehealth.bc.ca with Cardiovascular Radiologist in the subject line.

Providence Health Care hires on the basis of merit and is committed to employment equity. All qualified persons are encouraged to apply. We especially welcome applications from members of visible minority groups, women, Aboriginal persons, persons with disabilities, persons of minority sexual orientations and gender identities, and others with the skills and knowledge to engage productively with diverse communities. Canadians and permanent residents of Canada will be given priority.
